NOTICE

All faculty and students of Civil Engineering are invited for a guest lecture by Dr. Kedar Birid on "Forensic Geotechnical Engineering".

Date: 11th April 2023

Time: 3:30 pm

Venue: Room 114

Bio of the speaker is attached.

Principal

Introduction

Dr. Kedar Birid is Ph.D. holder in Geotechnical Engineering from IIT Bombay and is having 23 years of industrial experience as a Geotechnical Specialist. In the past, he was employed with reputed organisations like Reliance Industries, Reliance Infrastructure, HCC, Tata consulting engineers, Toyo Engineering, DBM geotechnics etc. Presently he is working with Italian organisation Tecnimont Pvt. Ltd.

He is having experience in land and marine geotechnical investigations, laboratory/field testing, design of foundations and ground improvement schemes, failure assessments and rectifications, etc. By virtue of such diversified experience, he has successfully handled geotechnically challenging projects within India and abroad. Till date he has authored 22 research papers in national/international journals and symposiums. Presently he is also a member of the technical committee of International society of soil mechanics and geotechnical engineering (ISSMGE) and a peer reviewer for reputed international journals.
