

## Students Achievements in VJTI Robotics Challenge 2019

VJTI Robotics Challenge is organized under VJTI's Technical festival 'Technovanza'. It is theme-base event wherein contestants from all over India have to build robots as per the task assigned. This year it was scheduled from 27th to 29th December 2019.

Members of Team SPCE Robocon secured first and second position among 25 teams with a SPCE vs SPCE finale. The team has been winning this competition since 2014 and aims to continue this steady streak in the future too.
