The above academic calendar is prepared taking into consideration the Covid19 pandemic situation. Institution will follow the guidelines given by Mumbai University (MU) and Apex Govt. Body.

Faculty members are requested to use Meet, Google classroom for online sessions and assignments etc.

For laboratory courses (during pandemic situation) faculty members are requested to prepare the group of students in each batch and allot experiments for simulation to each group (preferably with different data set). Students can use open source softwares like OpenModelica, open simulator, Design analysis etc. for simulation. Students are expected to give the presentation of simulation results to faculty member which will be followed by small MCQ quiz (using google form) on experiment to explore each student's performance. Virtual laboratories for various engineering courses developed by eminent institutions of India as a MHRD project under the National Mission on Education through ICT also can be used for conducting the laboratories. However faculty members are requested to select the virtual laboratory which can facilitate the abovesaid requirements of simulation of experiments.

The student's performance in Laboratory will be assessed based on presentation of simulation results, small MCQ quiz based on experiment and completed laboratory manual as per the requirements as a part of Termwork. All records should be retained for office purpose.

SPCE will switch over to the normal Classroom teaching learning process when pandemic situation will restore and SPCE will receive Guidelines from MU and Govt accordingly to do so.

**Note:** For the First year of B.Tech and M.Tech programmes –Separate calendar will be declared after admission process.
