Dear Dr. A. R. Kambekar,

I hope this email finds you in excellent health. I would like to extend my heartfelt gratitude for taking the time to consider this message.

As previously communicated, we have some exciting events lined up for October 21st and 22nd, 2023, and we would be deeply honored to have your presence and involvement.

One of the flagship events, the Mock Interviews and Group Discussions (MI/GD), is designed to equip our final-year students at IIT Bombay with essential insights and guidance to excel in their placement interviews. Your wealth of experience and mentorship would be invaluable in helping our students prepare effectively for their career prospects.

Additionally, we are planning hostel-based events that offer our alumni a unique opportunity to reconnect with current students and fellow graduates on a personal level. These events revolve around shared interests, hobbies, and experiences, enhancing the dormitory experience for our students and allowing everyone to relive cherished memories within the IIT Bombay community. We would greatly appreciate any referrals from alumni who share your enthusiasm for these gatherings.

I would also like to bring to your attention the intriguing opportunity of our Industrial Learning Programme (ILP). This program, which has expanded over time to encompass a wide range of projects for second and third-year students, offers real-world industrial exposure during the winter break. The ILP typically runs in December, with student screening commencing in November. If this opportunity piques your interest, we would be delighted to provide you with more detailed information and the registration form. Your support in creating such valuable opportunities for our students would be highly appreciated. Would you like to explore this further?

Your participation in Allumination 2023 events and your contributions to the growth and development of our students would be truly remarkable. We eagerly await your response and would be delighted to provide any additional information or answer any questions you may have.

Thank you once again for considering our invitation. We look forward to the possibility of your involvement in these enriching events.

Warm regards,

Entenuka Jogarao (Joy)
Alumni secretary, SARC
