Date : 10/01/2020

Approval of Seed Money Proposal under TEQIP-III

Under seed money grant of TEQIP-III, the research proposal of following investigators from Civil Engineering Department has been approved by Department's Research Advisor. The details of research proposal and sanctioned amount are tabulated below:

Sr. No.	Principal Investigator /Co.- PI	Title of Research Proposal	Sanctioned Amount (Rs.)
1	Dr. Hansa Jeswani	Development of filter using Previous concrete for surface water filtration	1,00,000
2	Dr. Reshma Raskar	Techno-social-economic assessment of Briquetting Cotton Stalks	1,00,000
3	Dr. Anil Ghadge	Development of Bio-electrochemically assisted microbial reactor to reduce air pollution and energy recovery from wastewater	1,00,000
4	Dr. A. R. Kambekar	Flood Hazard Assessment using Hydrological simulation model	1,00,000
5	Dr. Jayram Gholave	Solid Phase Extraction of some typical d-block and f-block Elements	1,00,000

The project investigators should utilize this fund for developing/creating research facilities in their respective areas. **Amount spent on execution** of approved project can be **claimed for reimbursement** from the TEQIP office of the institute.

Outcome: At least one research publication in scopus or goggle scholar indexed journal and international conference is desirable under the seed money grant.

Dr. Kiran S. Bhole
Dean (R & D)

Dr. Rahul Dahatonde
TEQIP III Coordinator

Copy to: TEQIP Office, Head of the Department-Civil Engineering & all investigators as listed above
