3-Day DELCAM Software training program was organized by Department of Mechanical Engineering from 19 to 21<sup>st</sup> February 2015. This program was aimed to demystify the interface of DELCAM software with CNC machines. The training was given by Application Engineer Subrat & Anbukumar from UK based DELCAM COMPANY. This training will help the students to create an automatic CNC program for a component using DELCAM software. Students received the training very well. Around 10 students benefitted from this training.
