

SPCE Celebrates 16th Republic Day

The Student Council 24-25 proudly organized the Republic Day celebration on 26th January 2025, with great enthusiasm and patriotism. The program commenced with the flag hoisting ceremony, led by our honorable Principal.

As a unique initiative, students from the First Year Department created eco-friendly Indian flags embedded with seeds. These flags were distributed to everyone present, promoting environmental awareness. This thoughtful gesture encouraged participants to plant the flags in soil, allowing them to grow into plants, symbolizing growth and sustainability.

The cultural program began with an engaging performance by SPANDAN, SPCE music club. Their soulful melodies and patriotic songs resonated with the spirit of the occasion and captivated the audience.

The event reached its peak with vibrant and energetic performances by the members of our dance club, SPLASH. Their creative choreography and cultural representations celebrated the diversity and unity of India.

The program highlighted the essence of patriotism, creativity, and environmental responsibility, leaving a lasting impact on everyone present. The Republic Day celebration of 2025 was a memorable and inspiring event, reflecting the spirit of unity, patriotism, creativity, and sustainability.
